

**Requests for Clarifications/Questions/Answers
Submitted to the City of Castle Hills
For
Requests for Proposals (RFPs)
Digital Billboards 2018**

September 6, 2018

Q: We would like to identify the properties that are being considered for the digital billboard locations (city owned or leased properties).

A: Please find attached the maps depicting the city property.

Q: Will each potential digital billboard location be looked at individually or as a group in the decision making process?

A: The proposer should select the locations that they prefer as long as they are city owned or city controlled. The proposer must decide whether the locations they choose are to be considered individually or as a group. Basically, the city is leaving it up to a proposer to decide the best plan for the proposer.

Q: Please provide the previous bid that won the last RFP for the existing digital billboards.

A: This request is under attorney review. A response is forthcoming on or before Thursday, September 27, 2018.

Q: May I get a list of the Pre-Proposal Attendees from your meeting of 9/5/18?

A:

Attendance Roster
Pre-conference Meeting
Digital Billboard RFPs
September 5, 2018
10:00 a.m.
